# **Create New User**

By creating a user at Expobo, you get access to participate in digital fairs and events around the world.

No transportation costs or crowded events. Find products 24/7 that suit your needs. Communicate with the exhibitors online.

# **My Profile**

Under My profile you can see an overview of the information about you, upcoming activities, exhibitors, your contacts and much more.

# Change Profile Settings

In the menu at the top right you will find settings.

Here you can change passwords, emails and other account information associated with your profile.

# **Profile Strength**

Your profile strength indicates how visible and strong your profile is in meeting with companies and other visitors. Having a strong profile can be essential in networking.

Click on the wrench at the top right to see what information will strengthen your profile.

# **Business cards**

Business cards are a quick and easy way relevant companies can contact you after you have visited them at their booth or they have visited your profile.
